WORK REQUEST FORMS

If you are planning on any exterior home improvements, remember all exterior work must be approved by the park in writing. We have a form in the office we can provide you. It may take up to two weeks to have your request approved, so please submit early! We encourage improvements to your homes and want to make the process as easy as we can.

Remember exterior work includes painting & landscaping.

WELCOME!

To Our New Residents:

Richard & Carol Jones
Lynn Dana
Raeane Skinner

GUEST REGISTRATION:

Please register all overnight guest with the office upon arrival or prior to their arrival. Forms are available on the rec hall bulletin board along with our departure forms!

RETURNING RESIDENTS:

Be sure to call or stop by the office to let us know you've returned.

SKIRTING:

Please check around your home for loose skirting or other access holes used by rabbits and stray cats under homes or sheds that need to be closed up. This will also help avoid bees using the access. Stray cats, birds & other animals attract coyotes and we wish to avoid their visits.

Observations on Aging:

As you get older your secrets are safe with your friends because they can't remember them either.

You can't stay young forever but you can be immature your entire life.

BEWARE OF THEIVES & STRANGERS

A bicycle was reported to have been taken from a shed in August. We want to remind everyone to please put your items in a locked secure area and remember do not open your door to strangers at anytime. **If you see something suspicious, call the police immediately.**

KEEP YOUR EYES & EARS OPEN!

Our Condolences

To the Families of
Robert (Bob) Huot and
Robert (Bob) Rexrode
Both Bob's were long term Resident's of the park. Our thoughts & Prayers are with them and their Families.
